## Elite Metal Finishing Is One Of Top Finishing Shops In U.S.

### *Products Finishing* magazine names *Elite Metal Finishing* to the 'Top Shops' list

CINCINNATI, Ohio - **Elite Metal Finishing** has been named one of the best finishing shops in the U.S., according to an industry benchmarking survey conducted by *Products Finishing* magazine, a trade publication which has covered the industry since 1938.

The magazine conducted an extensive benchmarking survey that analyzed a company in several different areas, including Current Finishing Technology, Finishing Practices and Performances, Business Strategies and Performances, and Training and Human Resources.

Only the top 50 shops were given the honor of being a *Products Finishing* magazine 'Top Shop' based on a scoring matrix of those four criteria.

"**Elite Metal Finishing** has established itself as one of the best finishing operations in the industry," said Tim Pennington, editor of *Products Finishing* magazine. "The criteria we used was very stringent, and only the finishing shops that excelled in all four areas made the list. **Elite Metal Finishing** is in rare air when it comes to finishing operations."

**Elite Metal Finishing** is located at 2525 Jason Court, Oceanside, CA 92056, and offers Chem Film, Anodize Type II and III, Electroless Nickel, Passivate, Zinc, Slik-Seal with PTFE, and Paint Powder Coating.

"We are extremely excited and pleased to be named one of *Products Finishing* magazine's 'Top Shops'," said Dan Rose, owner of **Elite Metal Finishing**. "Our employees and management team have worked very hard to be the best in the industry, and to provide our customers with quality service."
